

Current Concepts in Spine Deformity Course
*A Scoliosis Research Society Course,
in cooperation with EUROSPINE
April 12-14, 2018 - Bordeaux, France*

A Message from the Course Chairs:

Dear colleagues,

We are very pleased to welcome you in Bordeaux for the third Current Concepts in Spine Deformity, a SRS course in collaboration with EUROSPINE. This course will be held in one of the most beautiful European cities, with a rich historical, architectural heritage, famous for the exceptional wine tradition. Bordeaux is also recognized as one of the leading schools in France in spine.

A panel of world renowned experts in the field of spinal deformity management from the European and international community will serve as faculty, in order to debate the most striking and controversial subjects in the management and understanding of spinal deformity.

Ibrahim Obeid, MD
CCSD Chair
Kariman Abelin Genevois, MD, PhD and Martin Repko, MD, PhD
CCSD Co-Chairs
